

## PARADE OF VETERANS

Thousands Tread the Streets of the Falls City.

## THE LINE OF MARCH LIMITED.

It Covered Only Two and a Half Miles. Over Four Hours in Passing the Reviewing Stand—The City Gaily Decorated For the Occasion—The Day Was All That Could Be Desired.

LOUISVILLE, Sept. 12.—The day of the big G. A. R. parade was ushered in by the thunder of artillery. The streets were alive with people at an early hour, and standing room along the line of march was at a premium. It is estimated that there were over 300,000 people in town.

The houses, both business and private, were gaily and tastefully bedecked with flags, streamers and bunting, and the air resounded with the clash of brass instruments and the roll of thousands of drums.

The day was perfect, though hot, and the only thing to mar the grand festivities was the explosion of a cannon in the morning, which sent five men into eternity.

Over 30,000 were in the parade. All along the line of march men of southern birth and sentiment vied with their brothers from the north in their demonstrations of greeting. It was a gigantic and sincere tribute to the sentiment that was at the head of the procession, and which was worn on badges innumerable—"One flag, one country."

Owing to the complaints of veterans at previous encampments that they were compelled to go over more ground than their age or physical condition justified, the line of march was limited to two and a half miles.

The column moved slowly and occupied over four hours in passing the reviewing stand at the courthouse, where the commander-in-chief and 5,000 special guests had assembled.

Ambulances accompanied each division, and ice water was provided at each street intersection, and all possible precautions were taken for the relief of paraders who might be overcome by the heat, or compelled by fatigue to fall out of line. There was, however, but little call on the medical department, and, with an exception here and there, the divisions remained intact from start to finish.

The horse on which Captain Nordstrom of the Tenth United States cavalry was mounted slipped and fell, pinning Captain Nordstrom's left leg under him. The ambulance corps was called and Captain Nordstrom was taken to his home. Upon examination it was found that his leg was broken.

Lieutenant Colonel Belknap in trying to mount his horse was kicked by the animal, which suddenly turned upon him. He was knocked to the ground, but his injuries are slight.

One of the most serious cases of prostration at the hospital is that of William Jenecke, commander of the department of Missouri.

William Turner of the soldiers' home at Dayton was also seriously prostrated.

John Thomas, member of a Michigan post, fell and cut a deep gash in his head.

James H. Doyle of Lawrenceburg (Ky.) post was assaulted by thieves. His right shoulder was broken.

J. P. Perchal, vice adjutant of the department of Missouri, fell from exhaustion.

William R. Gill, vice commander of the department of the Potomac, fell from exhaustion; also Henry Bowen of the Philadelphia Old Guard, Colonel Gerhart of Pittsburg, A. H. Dixon of Dayton and E. S. Herbert of Springfield, Massachusetts.

## WE WIN AGAIN.

The New York Yacht Club Sustains the Defender's Protest.

NEW YORK, Sept. 12.—The regatta committee of the New York Yacht club has sustained the protest entered by the Defender in Tuesday's yacht race. The committee gives the race to the Defender.

In rendering the decision the committee said: "We have given the matter our careful consideration and believe that the foul occurred through the miscalculation of the distance between the two yachts at a critical moment. From our observation sustained by that of others who were in good position to see, we find that the Valkyrie in contravention of Section 2 of racing rule 16, bore down upon the Defender and fouled her by the swing of her main boom when luffing to straighten her course."

"We also consider that the Defender allowed the Valkyrie sufficient room to windward to pass clear of the committee boat. The protest is therefore sustained."

GALLIPOLIS, O., Sept. 12.—Amos Watkins, a West Virginian, came over to Crown City, this county, and tried to raise a disturbance with a young man named Blake, who declined to fight. This enraged Watkins, who stabbed Blake three times just back of the heart, inflicting fatal wounds. Watkins fled and has not yet been captured.

## Deadly Bolt of Lightning.

GENEVA, O., Sept. 12.—Ernest Owen of Austintown was killed by lightning. He was following his brother, who was leading a team to the barn, and one of the horses was also killed. The father, Albert Owen, was injured. The bolt descended midway between the barns, 100 feet apart.

## SYMPATHY WITH INSURGENTS.

Some Facts About Cuba Written For the London Times.

LONDON, Sept. 12.—The Havana correspondent of The Times says:

"I have just returned from the province of Matanzas, where I found sympathy with the rebels in all parts traversed. Everywhere the economic situation is that it is difficult for planters to obtain advances and they are unable to obtain employment for the laborers. Hence great numbers are unable to earn enough to support life. This is a direct incentive to join the rebels; with them food is plentiful."

"In southwest Matanzas the bandit Matagas commands a band of 700 rebels, including 200 Spaniards."

"An ex-Spanish official, who is now a planter, gave it as his opinion that the only thing to be done, if Spain would not lose Cuba, is to grant a full measure of self-government. The Cuban leader of the autonomists in the Colon district stated that the autonomists of that district regarded the central command at Havana as weak and as not further in the cause of Cuban autonomy."

"The time is arriving when Spain must offer absolute autonomy if it wishes to keep Cuba. Maximo Gomez is advancing toward Santa Clara with the object of allowing Roloff to advance into Matanzas."

"General Campos has wired to Madrid not to send further reinforcements."

## Dispatches From Havana.

HAVANA, Sept. 12.—Battalions of the Soria and Galicia regiments left for the province of Santa Clara yesterday to reinforce the command of General Arderius. The soldiers were given an enthusiastic farewell by the populace of Havana.

Official dispatches report the burning of the small village of Buycito, near Manzanillo, by an insurgent band.

The government is in receipt of a report that in a skirmish between a company of loyalists, under the mayor of Ambal, a town near Melilla and Remedios, and a band of insurgents, two of the latter were killed.

Near the river Juan, and not far from the city of Cienfuegos, a company of marine infantry had a sharp skirmish with a band of insurgents of whom four were killed and one captured.

Several companies of insurgents in the province of Santa Clara have united and are moving in the direction of the province of Matanzas. A party of Spanish troops are in pursuit.

Insurgents are reported to have plundered a store in the district of Espranza, and burned a plantation near Natalia Sagua, a small village near Villa Clara.

## Wants the Insurgents Recognized.

JACKSONVILLE, Sept. 12.—The Jacksonville board of trade yesterday adopted resolutions declaring that the time has come for the United States government to recognize the Cuban revolutionists as belligerents and requesting the Florida senators and representatives to use every means to bring about such recognition as soon as possible after the assembling of congress.

## BLANCHE LAMONT'S CLOTHING

Are Fully Identified by Mrs. Noble, the Murdered Girl's Aunt.

SAN FRANCISCO, Sept. 12.—Mrs. C. G. Noble, aunt of Blanche Lamont, the murdered girl, was the most important witness in the Durant trial yesterday. Lines of sorrow were visible in her face as she sat in the witness chair and told of the tragic end of her sister's child. Mrs. Noble was much affected, although she did not give way to her feelings.

Piece after piece of the clothing of the murdered girl Mrs. Nobles identified—the outer garments, the hat, the gloves and the shoes, all found in the rafters of the church by the officers who had preceded her on the stand. She was positive as to two of the rings which the dead girl had worn on the morning that she last saw her alive and identified the third as precisely similar to another which had been worn on the finger of Blanche Lamont.

Mrs. Noble, on cross-examination, said: "After Blanche disappeared, Durant came to my house with Dr. Vogel to consult with me about her absence. He turned to me and said: 'Blanche was such a good girl, she believed everyone else was as good as herself, and in that way she might have been carried off.'"

Maud Lamont identified the ring with a chip diamond as hers. She had exchanged with Blanche, each wearing the other's. This same ring was positively identified at the preliminary examination by a second-hand dealer, as one offered him for sale by Durant after Blanche disappeared.

## HOT IN CHICAGO.

A Number of Prostrations, Several of Them May Prove Fatal.

CHICAGO, Sept. 12.—Yesterday with one exception the hottest day that this city has known in the month of September for the last 25 years. The mercury stood 96 in the shade at 3 o'clock in the afternoon and the heat was harder to endure by the great humidity prevailing. A number of prostrations was reported.

Policeman Albert Schalmers was overcome while walking in the street. His condition is very serious.

George Aiken, taken to his home. Jacob Durkson, Pekin, Ills., is recovering at the county hospital.

Fritz Freedman, overcome near his home; condition not serious.

John Link, 4 years old, prostrated Tuesday; died yesterday.

John Montz, laborer, is recovering at the German hospital.

Thomas Sharkey, teamster, overcome while on his wagon, fell under the wheels and was killed.

## MEN BLOWN TO ATOMS

Horrible Accident Occurs in the Streets of Louisville.

## FIVE DEAD AND TWO INJURED.

Ammunition Caisson of a Cannon Explodes Dealing Death and Destruction All Around It—The Victims Were Members of the Louisville Legion, and Were Ushering in the Big G. A. R. Day.

LOUISVILLE, Sept. 12.—A horrible accident, resulting in the death of five and the wounding of two members of the Louisville Legion, occurred yesterday by the explosion of ammunition in the caisson of the gun which was being driven to Phoenix Hill for service in connection with the G. A. R. parade.

The killed are: Corporal A. L. Robinson. Private Charles Woods. Private McBride.

Private Howard Irwin. Driver William Adams, colored.

The wounded are: Fred Cohn, eyes and face badly burned.

William Hobbs. All the men excepting the colored driver were members of Battery A of the Kentucky national guard and all reside in Louisville.

The accident occurred on Broadway, between Third and Fourth streets, where the First Kentucky artillery were stationed for the purpose of firing the morning salute.

Eye witnesses to the shocking accident say that the explosion was caused by dropping the case on the friction primer of the piece. The gun was situated directly in the center of the street, pointing toward Fourth avenue.

Two of the bodies were blown over the housetops and were horribly mangled.

Two horses attached to the cannon were so horribly mangled that they had to be killed.

As soon as the accident occurred the city ambulance was called and the wounded men were taken to the Norton infirmary, where their injuries were attended to. It is feared that Fred Cohn will die. The whole left side of his face was blown off. Even if he should recover he will be blind and horribly disfigured. Hobbs was badly burned about the face and bruised.

The body of the colored driver, mangled almost beyond recognition, fell on the front porch of a residence fully 300 feet from the place where the explosion occurred. Just outside the fence and on the sidewalk was the body of Private Woods. Bits of flesh and pieces of bloody uniform were scattered all along the street, clinging to the treetops and in the shattered windows. A leg and half a coat were found on Third street, one block south of where the explosion took place. They must have been blown clear over a 3-story and basement house. Several mangled legs and arms were found on the tops of adjacent houses.

The body of Howard Irwin was so badly mangled that it was almost impossible to gather it up without a shovel. It was found at the intersection of Broadway and Fourth streets, almost a block away.

The battery was on its way to Phoenix Hill for the purpose of firing a salute of 44 guns. There were 60 pounds of powder in the caisson.

Captain David Castleman, who was in charge, was riding at the side of the detail. He escaped injury.

The report that one of the men was smoking, is denied by Captain Castleman.

Colonel John B. Castleman of the First infantry to which Battery B belongs, said it was one of those unfortunate accidents that can not be guarded against. A similar one occurred in Chicago during the strike, in which four men were killed and several wounded.

The unfortunate militiamen who lost their lives will be buried with military honors Friday afternoon. The colonel commanding the regiment issued a formal order last night directing the men to assemble in the armory at 3 o'clock Friday. The regiment will then escort the remains of their dead comrades to Christ church cathedral, where services will be held at 4 o'clock. From there they will go to the cemetery, where the interment will be made in military style.

## FLOOD IN KANSAS.

The Waters Receding but Railroad Traffic Has Not Been Restored.

FREDONIA, Kan., Sept. 12.—The flood in Fall river has nearly passed, but the flooded section is in bad shape, with its previously heavy crops of all kinds in many places totally destroyed. The flood lacked only 18 inches of being as high as in 1889.

The St. Louis and San Francisco put its first train through here yesterday and is now able to continue its service. The Santa Fe and Missouri Pacific are not expected to be able to cross the Verdigris river, eight miles north, for a few days, as the stream is the highest known for 30 years and has fallen only 10 inches.

Judge Stilwell adjourned the district court last night for one week on account of the flood.

## Verdigris River Still Rising.

INDEPENDENCE, Kan., Sept. 12.—The Verdigris river is still rising and the water is several feet deep in the pump-house of the waterworks, which were shut down last night. A water famine is feared and the city is without fire protection. The river is up to the railroad bridge and no trains from Kansas City have reached here on either road.

## FOR KILLING HOWARD PIETZEL.

The Indianapolis Coroner Will Hold Holmes Guilty of Murder.

INDIANAPOLIS, Sept. 12.—Coroner Caster of this county will return a verdict of murder in the case of Howard Pietzel and will charge H. H. Holmes directly with the crime. He says the evidence taken in this county is to him conclusive, though entirely circumstantial.

Mrs. Pietzel and her daughter, whose testimony completed the chain of evidence leading to the coroner's verdict, are resting here preparatory to their return to Galva, Ills., Friday. Yesterday afternoon she expressed a desire to see the house in Irvington where Howard Pietzel had been killed and his body burned. She said she would not go back satisfied if she did not see the premises. She and her daughter were accordingly driven to the scene yesterday afternoon.

## CAUGHT AT LAST.

After Three Years a Kansas Man Is Arrested in New York.

ATCHISON, Kan., Sept. 12.—It has been learned here that Richard C. Mead, who ran away from Atchison three years ago with Miss Blanche Riddell, his clerk, and \$30,000 in money left with him to be loaned, was arrested in New York yesterday afternoon. Mead deserted his wife and four children in Atchison, who are now destitute in Kansas City.

When Mead lived in Atchison he was traveling adjuster for several insurance companies and also operated a local insurance office in which Miss Blanche Riddell, who accompanied him in his flight, worked. A large portion of the money he took belonged to the mother and grandmother of Miss Riddell. The pair went at first to England, but afterward returned to New York.

## Bloodhounds Do Good Work.

ROACHDALE, Ind., Sept. 12.—Edward Tobin's farmhouse was robbed during the absence of the family. The blades bloodhounds, celebrated all over this county, were put upon the trail of the supposed thieves. A short distance away a toy safe was found which was known to have been taken from the house, and the dogs continued to follow the trail, which carried them to Bainbridge and to Greencastle Junction. There the thieves were captured and placed in Greencastle jail. The stolen goods were found on their persons. These bloodhounds are a terror to evildoers in this section.

## Kicked to Death by a Horse.

RUSHVILLE, Ind., Sept. 12.—John N. Leisure of Arlington was instantly killed by falling from a tree wagon under the heels of his horses, being kicked to death. He was hauling school desks to Beaver Meadows, two miles west of Arlington, and was jolted from his seat by the wheels striking a stone. His fall frightened the horses and one of them began kicking, striking Leisure in the head. His ribs were also broken and his shoulder was crushed. Leisure was 42 years old and a man of family.

## Freight Wreck.

NORTH SALEM, Ind., Sept. 12.—A westbound freight of the Indianapolis, Decatur and Western railway, with M. Brown as conductor, and Engineer Earles at the throttle, had a smash-up at this place. They had just made a running switch, and were intending to couple up, but the engineer backed before the train stopped, and the train and engine came together with such force that one flatcar was mashed to pieces and another one damaged. There was no delay of trains.

## Dragged by a Cow.

RUSHVILLE, Ind., Sept. 12.—Jesse, the 11-year-old son of William Wotling, while leading a cow, was thrown down and entangled in the rope, when the cow began to run. He was dragged for several hundred yards, and his head coming in contact with a stump, his scalp was laid open to the bone half way across his head, and his skull was fractured. The muscles of one leg were also frightfully torn and his body was bruised from head to foot.

## Avalanche Kills Ten People.

BERNE, Sept. 12.—An avalanche from the Alps glaciers has fallen upon the hamlet of Spitalmatte. Ten people were overwhelmed and have perished. There were no tourists among the number. About two square miles of land have been covered. The upper Gemmi Pass, down which the mass of snow was hurled, is partially blocked. Three hundred head of cattle were lost in the accident.

## Murder and Lynching.

OSCEOLA, Ark., Sept. 12.—Mrs. Rhea, living on a farm 25 miles north of here, was murdered yesterday by two negroes, Will Caldwell and an old man, who were working for her and whose object was robbery. Caldwell was arrested, confessed and was taken from the officers and hanged to a tree. The old man was also caught and by this time has probably been lynched.

Mr. Strope believes that the robber got off the train, stole the money and jumped on again and Strope also boarded the train and rode to Columbus to try to identify the fellow. He was unsuccessful, however.

## Liquor Dealers Aroused.

SPRINGFIELD, O., Sept. 12.—A sensation was created at the meeting of the Ohio State Liquor league yesterday by President John P. Hughes' annual address. He says the Anti-Saloon league, led by Rev. Howard Russell, has an organization in every county and city in the state, and unless the liquor league becomes better organized the Anti-Saloon league in the next Ohio legislature will wipe out 75 per cent of Ohio liquor dealers out of business.

## Arsenic in His Stomach.

ZANESVILLE, O., Sept. 12.—Dr. Jackson, the attending physician, has completely analyzed the contents of the stomach of Frank H. Jordan and found arsenic. When Mr. Jordan was first taken sick he talked incoherently of having been poisoned in a certain place in the city, but his brother-in-law, Samuel Murray, paid but little attention to the matter. The case will be investigated.

Bechtel of Schuylkill and Christopher Magee of Allegheny.

Apart from the judicial contest, the features of the convention were the adoption of a platform endorsing President Cleveland and the principals of the Democratic party and arraigning the present state administration, and a speech by John J. Moloney, one of the Philadelphia delegates, attacking William Singler, who was the Democratic candidate for governor at the last election.

## "Misspent Past."

CHICAGO, Sept. 12.—W. A. Wilson of Indianapolis was found dead in a room at McCoy's hotel yesterday. He had shot himself through the brain. A revolver containing an empty shell lay by his side, and on the dresser was a letter he had written and addressed to C. A. Wilson, No. 81 West Ohio street, Indianapolis, supposedly his brother. In this he assigns no specific cause for ending his life, but refers to his "misspent past," and says he could see no future that could make up for it.

## A SHUT OUT.

## The Hopkinsvillians Won Yesterday's Game—The Maysvilles Will be Home To-day.

Special to BULLETIN.

HOPKINSVILLE, Ky., September 11th, 1895—The closing game of the series here to-day was interesting from start to finish.

Bailey was in the box for Hopkinsville, and succeeded in shutting out the Maysvilles.

Wellner, who pitched Tuesday's ten-inning game, was again in the box, and in only two innings did the Hopkinsville team succeed in reaching scoring territory.

Zimmer caught for Maysville and Hord for Hopkinsville.

The following is the score:

Innings.....	1	2	3	4	5	6	7	8	9
Maysvilles.....	0	0	0	0	0	0	0	0	0
Hopkinsville.....	0	0	0	1	0	0	3	0	4

Will be home Thursday. MCGANN.

The Maysvilles cancelled their dates at Huntsville, Ala., and will be home to-day to get in good trim for the game with the Reds at Cincinnati next Thursday.

The Ledger's "pin feather" base ball editor went to considerable length yesterday to again tell its readers what the people have all along known,—that the team playing in the South "is not the crack team that has been playing here all season." But most of the players belong to the crack team, and they have no cause to be ashamed of their record on the recent trip.

The Ledger's base ball editor has again demonstrated that he is of the "pin feather" stripe. He says the Maysvilles won that ten-inning game at Hopkinsville "in a jog." Ten-inning games are generally won "in a jog," you know.

Wellner pitched four of the seven games at Clarksville and Hopkinsville, with the following result:

Maysville 4, Clarksville 2.
Maysville 6, Clarksville 8.
Maysville 4, Hopkinsville 3.
Maysville 0, Hopkinsville 4.

The last two games were played on Tuesday and Wednesday. There are very few pitchers who will pitch two games in succession, but Wellner is always ready to respond to a call and do his best. It requires great work to hold a team down to seven runs in two games, but that's what Wellner did at Hopkinsville. His many friends are anxious to see him pitch against some of the League clubs.

## LINE DRIVES.

Rieman pitched for the Shamrocks Tuesday, and held the Sabina (O) team down to six hits. Score 17 to 0, in favor of Shamrocks.

Higginsport defeated the Vanceburgs Monday, the score standing 9-13. Wadsworth pitched for Vanceburg but was knocked out of the box in the fifth inning, and his substitute fared no better. McGowan and Woodruff were in the points for Higginsport.

Knoxville took six straight games from the Huntington, of West Virginia. Tuesday's game resulted in a score of 7 to 4. Davis was only hit four times.

Wiley Davis may pitch for the Manhattans at League Park, Cincinnati, Saturday.

There seems to be a possibility of Rieman, the Maysville pitcher, being in the Shamrock-Manhattan game at League Park Sunday next, says the Enquirer.

The Cincinnati Post says there will likely be as much interest in the Reds' game with the Maysvilles as in their skirmishes with the Louisvilles.

The C. and O. may run a special train to Cincinnati next Thursday, to accommodate those who wish to see the Maysville-Cincinnati game.

## THE KENTUCKY DIOCESE.

It Will Probably Be Divided This Fall—Who Will Be Bishop?

[Covington News of Cincinnati Tribune.] A change in the diocesan arrangement of the Protestant Episcopal Church of Kentucky is contemplated, which will be especially interesting to the Covington members of that church. It is the division of the State into two dioceses and the probable selection of Covington for the residence of the Bishop governing the eastern half, Louisville being the Episcopal residence of the other.

The diocese of Kentucky now includes the whole State, and the work of directing the affairs of such a large territory is very laborious. Bishop Dudley, now in charge, is a man of remarkable energy and ability, and the growth of the church under him has been very rapid. At the Diocesan Council in Louisville last May it was considered advisable for the interest of the church to divide the diocese in two, and a committee, of which Rev. R. Grattan Noland, of this city, and Rev. Mr. McCready, of Newport, are members, was appointed to examine into the feasibility and possibility of the division. At a meeting of the Council, to be held on September 24th, in Louisville, it is understood that the committee will report for the division, recommending the Kentucky river as the dividing line of the two dioceses. It is regarded among church people here as a certainty that the Council will accept the report.

The question will then be referred to the General Convention of the Episcopal Church, which meets in Minneapolis, Minn., on October 2 next, for final action. F. Wolcott, of this city, is the lay delegate to the convention, representing the Kentucky diocese, of which he has been delegate for twenty years. There is no doubt that the convention will sanction the change. That being received the question of who will be Bishop of the eastern half of the State will arise. The Rev. Frank Woods Baker, rector of St. Paul's, Cincinnati, is most prominently mentioned for the advancement. The following are also spoken of: Rev. Dr. Reverdy Estill, formerly of St. Paul's, Newport, now of St. Paul's, Louisville; Dr. Burton, rector of St. Andrew's Louisville, and Dr. Gibson, of Christ's Church, Cincinnati.

It is considered highly probable that the new Bishop will select Covington as his residence for the advantages of its close proximity to Cincinnati, and St. John's, at Scott and Eighteenth streets, as the church which might most appropriately be selected as the cathedral. Others speak of Lexington as likely to be made the cathedral city from its central location in the new diocese.

## A GOOD MOVE.

Dry Goods Merchants Who Agree to Close Their Business Houses at 6 p. m., Except on Saturday.

The following is self-explanatory: We, the undersigned dry goods merchants of Maysville, hereby agree to close our respective business houses on each day in the week at 6 o'clock p. m., except on Saturday, when it is agreed that we may keep open as late as we may deem proper.

We believe that the needs of our patrons may be as fully and conveniently supplied under this arrangement equally as well as under the old system of keeping open late at night, as soon as it shall be known by publication, with the advantage of giving both employer and employee much needed rest, as well as greater opportunity for the enjoyment of home pleasures, being now altogether deprived of our "evenings at home."

This agreement is not to be binding unless signed by every dry goods merchant in the city. Any firm desiring to terminate this agreement may do so by giving ten days notice thereof to all signers hereto. This agreement to go into effect on Monday, September 16th, 1895.

## ROSENAU BROS.,

PROPRIETORS BEE HIVE,

## MAYSVILLE JOINS IN THE WELCOME

Extended to the National G. A. R.  
Encampment at Louisville.  
Mayor's Greeting.

The Louisville Courier-Journal published letters yesterday from Governor Brown, Mayor Tyler, of Louisville, and from the Mayors of all the large cities of the State, with letters also from Governors of other States of the South, joining in the warm welcome to the 300,000 Grand Army veterans who are now the guests of Kentucky's metropolis.

It is doubtful whether the National G. A. R. encampment has ever received a heartier welcome than that extended to the veterans this week by Louisville.

Following is Mayor Cox's letter:

Maysville, where General Grant was a school-boy; where the birthright of General Albert Sidney Johnston and General William Nelson obtain, and where the latter now sleeps, and where stands the first Federal soldiers' monument erected on Southern soil—joins Kentucky's metropolis in hearty welcome to the veterans of the Union armies.

WILLIAM H. COX, Mayor.

The Courier-Journal also published an illustrated poem from the pen of Kentucky's poet-laureate, Major Henry T. Stanton, ex-Maysvillian and ex-Confederate, welcoming the veterans. Here are two of the closing verses:

You come with olive branch to-day  
And kindly hands extended,  
To greet us at our homes and say:  
"The war at last is ended."  
To let the truth be fully shown  
That we are full united,  
And prove the Union flower blown,  
That in the bud seemed blighted.  
Now come you here as countrymen  
In rout or martial order,  
We give you welcome back again  
Across the Southern border,  
The doors are opened wide for you  
In all our Southern ranches,  
And Gray shall mingle with the Blue  
Beneath the olive branches.

### A GREAT MISTAKE.

That's What a Covington Republican  
Thinks of Colonel Bradley's  
Flunk.

Sr. Louis, Mo., Sept. 10.—W. McD. Shaw, City Attorney of Covington, Ky., and one of the Republican leaders of that State, is at the Planters' en route from a trip to California.

"I have been away so long that I have lost the run of the campaign in Kentucky," said he to a reporter. "When I left home a month ago the tide seemed really to be coming our way, and there was a good chance for the election of Bradley, despite the fact that there are a great many more Democrats than Republicans in Kentucky. That was when there was no difference between Hardin and Bradley on the great issue of the campaign, the currency. But since then General Hardin has renounced the platform on which he was nominated, and come squarely out for the free and unlimited coinage of silver, and enticed such energy into the rank and file of his party as augurs no good to our ticket."

Mr. Shaw thinks Colonel Bradley has made a great mistake by flunking on the joint debates arranged by the two State Committees.

The Ewing fair is in progress. Maysville people can take the 1:30 train and return at 8 p. m.

EDWARD CUMMINGS was convicted in the Police Court this morning of a breach of the peace and fined \$10 and costs.

The friends of Mr. John G. Payne, who has been in failing health for several months, will regret to learn he is in a critical condition.

DR. SHACKLEFORD was summoned to Flemingsburg this morning to see Miss Lida Power, daughter of Judge Power. She is very ill with fever.

CHARLES J. SWEET, of Clifton, and Miss Jennie K. Rodgers, of the Fifth ward, were married yesterday by Rev. D. P. Holt. They were treated to a charivari last night by the boys of the East End.

The remains of the late W. G. Bloom were brought here yesterday from Cincinnati and, after funeral services at the M. E. Church, were interred at the cemetery with the honors of Oddfellowship. A large crowd accompanied the remains to their final resting place.

PROFESSOR HICKS in his forecasts for this month says: "From 5th to 8th, look for warm wave with renewed storms. The warmth and storms always start in the West, and reach the extreme East two to four days later; hence, all can see that we do not mean that it will be storming everywhere during the whole of any storm period, except it be when many causes conspire to excite and prolong disturbances. About 11th and 12th autumnal equinoxes will begin. From 16th to 19th will be a period in which many dangerous storms and gales will visit land and sea. Watch indications, wherever you be, that show the approach of storms to your locality. The 22d to 25th will also be a time in which very marked disturbances are to appear. Change to very cool will come after the storms, and Venus will affect all the last half of September."

for Infants and Children.

**MOTHERS, DO YOU KNOW** that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

**Do You Know** that opium and morphine are stupefying narcotic poisons?

**Do You Know** that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

**Do You Know** that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

**Do You Know** that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

**Do You Know** that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

**Do You Know** that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose?

## BIG PROFITS Small Investments

Returning prosperity will make many rich, but nowhere can they make so much within a short time as by successful speculation in Grain, Provisions and Stock.

FOR EACH DOLLAR INVESTED can be made by our.....  
**\$10.00 Systematic Plan of Speculation**

originated by us. All successful speculators operate on a regular system. It is a well-known fact that there are thousands of men in all parts of the United States who, by systematic trading through Chicago brokers, make large amounts every year, ranging from a few thousand dollars for the man who invests a hundred or two hundred dollars up to \$50,000 to \$100,000 or more by those who invest a few thousand.

It is also a fact that those who make the largest profits from comparatively small investments on this plan are persons who live away from Chicago and invest through brokers who thoroughly understand systematic trading.

Our plan does not risk the whole amount invested on any trade, but covers both sides, so that whether the market rises or falls it brings a steady profit that piles up enormously in a short time. **WRITE FOR CONVINCING PROOFS,** also our Manual on successful speculation and our Daily Market Report, full of money-making pointers. ALL FREE. Our manual explains margin trading fully. Highest references in regard to our standing and success.
